Opis produktu

The Great Unclean Ones are Nurgle's mightiest daemons. Towering over their enemies, these living hillocks of rotting flesh lumber across the battlefield swinging their rusted weapons, vomiting streams of filth and unleashing diseased magics upon the foe. Great Unclean Ones are terrifying when roused to wrath, wading through enemy ranks, crushing foes beneath their bulk and pulping survivors with their enormous swords and flails. Some toll rusted summoning bells to draw forth fresh daemons, while others unleash terrible outbreaks of magical plague.

This multi-part plastic kit contains the components necessary to assemble a Great Unclean One. This is a truly vile model (in the most positive sense of the word!) - it celebrates its corpulence, with rotten, torn flesh slipping aside on its enormous gut to reveal winding intestines within. 2 different heads are available - one with symmetrical antlers and a foul grin, and one cyclopæan, featuring a hideous daemon tongue which ends in a sinister head - itself featuring a sinister daemon tongue! It can be armed with a massive bilesword or doomsday bell in the right hand, and a large bileblade or plague flail (a remarkable object which is essentially 3 skulls attached to lengths of heavy chain) in its left hand. 6 Nurglings are included, clutching items such as censers, or just hanging about - these can be added to the kit in any way that you see fit.

This model comes as 59 components, and is supplied with a Citadel 130mm Round base. The Great Unclean One can be added to both Warhammer 40,000 and Warhammer Age of Sigmar armies, and the kit can optionally be used to assemble the special character Rotigus.
