Opis produktu

The Craventhron Guard serve Kurdoss Valentian and any who share his aims. Bitter and spiteful even compared to other Nighthaunt, these spectral sharpshooters relish lining up enemy champions in their sights, sending them to an early grave without fanfare or mercy. Though they enforced Valentian's will in life, the Craventhron Guard are now are cursed to torment him, shooting down his prey before he can truly claim the glory of the kill.

This multipart plastic kit builds five Craventhron Guard, wielding soulhunter crossbows to unleash a hail of deadly bolts at close range, with the option to assemble one as a Craven Huntmaster and one as a Spectral Standard Bearer. Each model has a choice of hooded and helmeted heads, with other components such as decrepit quivers to add variety and keep your units looking unique.

This kit comprises 53 plastic components, and is supplied with 5x Citadel 32mm Round Bases. These miniatures are supplied unpainted and require assembly - we recommend using Citadel Plastic Glue and Citadel paints.
