## Opis produktu

The Flesh-eater Courts reign in the shadows of ruined empires. Hordes of cannibals gather under the deluded rule of vampiric Abhorrants, utterly convinced that they are noble knights and faithful serfs engaged in righteous quests. Armoured in delusion and made ferocious by insatiable bloodlust, these ghouls boil from the shadows in an insane tide, threatening all who roam the wastelands and bloodstained nooks of reality. The children of Ushoran are rightly feared across the Mortal Realms, and their hunger – and influence – is only growing.

This army set provides a deluded host of ghoulish new miniatures with which to build your Flesh-eater Courts and begin overrunning the Mortal Realms. A tide of Cryptguard clutch rusted weapons in filth-crusted claws, whilst Morbheg Knights swoop from the skies atop shrieking chiropteran steeds. These fiends are led by mad and monstrous vampires – a winged Abhorrant Gorewarden, and a debased but formidable Varghulf Courtier.

Also included is an exclusive launch edition of *Battletome: Flesh-eater Courts*, filled with rules, lore, and stunning artwork, featuring a soft-touch cover, black ribbon marker, and gold gilt page edges. Going to battle with your collection is made even simpler by an exclusive set of warscroll cards, enhancement cards, and tokens that will help you head out on your noble quests – all only available in this boxed set.

### **This set includes the following multipart plastic miniatures:**

- 1x Abhorrant Gorewarden
- 1x Varghulf Courtier
- 3x Morbheg Knights
- 20x Cryptguard

This set also includes the following items, which are exclusive to this box:

- *Battletome: Flesh-eater Courts* (Launch Edition) – 88-page hardback book with an exclusive variant soft-touch cover, gold foil blocking, gold gilt page edges, and a black ribbon page marker
