## Opis produktu

The creatures of the Flesh-eater Courts are touched by a curse that distorts their very perception of reality. While they believe themselves to be valiant knights and honest soldiers, they are in truth wretched fiends who hunger for the flesh of their enemies. In the ruins of war-toppled civilisations, ghoulish beings lurk on the border between life and death. Ruled by bestial vampires, these mordants are trapped in an arcane delusion; they see their foul lairs as majestic castles, and themselves as pious warriors. With the return of their beloved Carrion King, Ushoran, they have launched a crusade that sees their contagious insanity spread across the realms like never before.

*Battletome: Flesh-eater Courts* is the comprehensive guide to collecting and fielding the cannibalistic monstrosities of the Flesh-eater Courts. It's a feast of grisly background information, ghoulish artwork, and all the rules you'll need to use the Flesh-eater Courts in your games of Warhammer Age of Sigmar.
